

Colorado Springs Police Athletic League

“Bringing cops and kids together since 1992”

January 11, 2007

Dear PAL Participant, Parent/Guardian:

The Colorado Springs Police Athletic League has been serving youth for nearly 15 years. Our mission is to enhance the partnership between the Colorado Springs Police Department and community with affordable, after-school and summer programs, which nurture positive development, foster community responsibility, and reduce criminal involvement for youth who can benefit most.

It is often difficult to adapt to the rapid growth and change of society today. In 2006, we have grown to serve nearly 1,000 youth with now 14 sports and after-school programs that are offered. As a result, PAL has increased its registration fees to help offset the program costs. The following registration fees are effective beginning January 1, 2007.

Sports (excluding tackle football)	\$20/per participant
Football (only applies to tackle)	\$40/participant*(\$10 being refunded when equipment is returned)
Sports Camps & Clinics:	\$30/per participant

Scholarships are available on a first come first serve basis based on need. A new scholarship application will be required each year or all participants who need assistance, along with proof of need (ie proof of free/reduced school lunches, proof of household income, proof of social security disability, etc). Individuals requiring assistance are encouraged to make us aware of your needs. Scholarships will **only** be awarded to families having additional siblings in the program and if all documentation has been submitted. If you are interested in applying for a scholarship in 2007, it will only reduce the price for additional siblings. Full scholarships (100%) **will not** be offered in 2007.

Thank you for your continued participation and support of the Colorado Springs Police Athletic League. Please call should you have any further questions.

Sincerely,

A handwritten signature in cursive script that reads "Elizabeth Bratsky".

Elizabeth Bratsky, Executive Director
Police Athletic League
